Disposal Rationale

- According to our IRR framework and threshold, Winkelhof has been in our sell bucket since 2022
- Winkelhof is not meeting the IRR threshold mainly due to high maintenance and ESG CAPEX requirements (only limited CAPEX invested since launch of LifeCentral)
- On top of this, Winkelhof cannot be transformed into an FSC due to required investments and supply and demand of mixed use in the direct vicinity of the asset
- The implied IRR of the asset based on the disposal price is 6.4% (only minimum ESG and maintenance CAPEX included) – disposal proceeds will be invested in assets with an IRR above 8%
- The disposal will have a recurring positive impact on Dutch Corporate Income Tax

Knauf Shopping Acquisition Rationale

Geography

The assets are a good geographic match:

- Luxembourg is a high-income country with regulated supply of retail space
- Geographic expansion close to existing markets; no additional management staff required

LifeCentral Strategy

The assets are a good fit with our LifeCentral strategy:

- Tenant mix of both assets in line with LifeCentral strategy: a mix of daily-life, fashion, F&B, leisure and services
- Possibilities to further build on our existing partnerships and relations
- The assets meet all LifeCentral acquisition requirements
- We have the ability to implement many of our concepts like eat&meet, the point & Customer Journey elements
- The transaction is tax efficient and in line with our capital rotation strategy

Upside

Upside to extract from the acquisition:

- Reversionary potential
- Additional income (specialty leasing, extensions/land, ESG income)

Post valuation synergies EPRA LTV neutral

Expected EPRA LTV – Wereldhave N.V.

LifeCentral progress 2024

- Two Full Service Center deliveries planned for 2025: Kronenburg Phase 1, Arnhem (NL) and Shopping Nivelles (BE)
- First Healthcare Cluster 'health&fit' opened in Presikhaaf, Arnhem (NL)
- Signed toys store Intertoys and fitness Yellow Gym well above ERV (+13%) in FSC Vier Meren, incl. acquired Polderplein part
- Fresh food clusters every.deli in Cityplaza, Nieuwegein and Vier Meren, Hoofddorp now almost fully leased
- Tenant base further diversified with an increase of mixed use to 15% and an increase of daily life to 68%

Mixed Use Development 2019-2025

In % of total m²

In transformation: Nivelles

Nivelles, Belgium

A Full Service Center offering its visitors everything under one roof; from functional to fun shopping and an extensive F&B offering including outdoor terraces

Key items of transformation:

- Extension of F&B area spread over six covered terraces along the façade
- New entrance for optimal visibility and overall attractiveness
- Upgrade of inside and outside parking including Wereldhave Customer Journey wayfinding
- Addition of Customer Journey elements:
 - Outside play&relax
 - Public seating
 - Greens
- Next step: feasibility studies for office, leisure and residential projects on our land

In transformation: Kronenburg Arnhem, Netherlands

A Full Service Center with a varied F&B, health, leisure and entertainment offering and strong connection to surroundings

Key items of transformation phase 1

- Right-sizing of the asset by increasing the daily life offering with addition of large Jumbo supermarket (3.5k m²), without increasing the size of the asset
- Indoor and outdoor F&B cluster according to our eat&meet concept
- Centralizing Fashion and Homeware & Household retailers at the heart of the FSC, attracting 7k visitors per day to this area
- New entrance to enhance accessibility for Jumbo, C&A and Aldi part – opened in Q4 2024
- New Customer Journey Elements: play&relax, toilets, fragrance, public seating and commercial signing
- Collaboration with municipality and developer Amvest to create approximately 169 additional residential units

Feasibility studies for transformation phase 2 are ongoing

Our Better Tomorrow strategy

Our main commitments and results

ESG performance

Maintain GRESB 5-star rating

Climate mitigation

Reduce carbon emissions with 30% by 2030, and become Paris Proof in 2045 (incl. scope 3 emissions)

Climate adaptation

Mitigate physical climate risks by improving resilience of our assets, e.g. reducing impact of heat stress, flooding and extreme weather events

Social impact

Increase our social impact by investing in local communities surrounding our assets

2024

**-40%¹
since 2018**

**Climate risk assessments
undertaken: 9 centers**

Maintaining our strong ESG position

ESG performance on sector, climate and investor benchmarks and ratings

Main ESG projects 2024

EU legislation - CSRD & EU Taxonomy

- Assessment of ESG topics through double materiality analysis completed
- Gap analysis finalized to identify key compliance areas
- Project Terra taskforce activated (workgroups for CSRD and EU Taxonomy implementation)
- Independent readiness evaluation conducted by BDO

Further implementation of Paris Proof roadmaps¹

- Energy reduction: 16% reduction in gas consumption across the portfolio (vs. 2023)
- Renewable energy: 3,736 MWh generated/10% of total electricity consumption
- Carbon reduction: 7% reduction of location-based scope 1 and 2 emissions (vs. 2023)

Update Green Lease agreement

- 74% Green Lease by end 2024 (67% by end 2023)
- Focus on collecting tenant data (scope 3 emissions) and further collaboration on energy efficiency

Solar panels / Energy generated²

% of Green Lease per country FY 2024, % of contracts

41 ¹⁾ The environmental data is currently undergoing third-party verification and is subject to final confirmation
²⁾ Decrease of Solar Energy Generated caused by less hours of sunshine compared to previous years

Sustainability partnership with Jumbo

Jumbo and Wereldhave have partnered up to make the Jumbo locations within the Wereldhave portfolio more sustainable

The collaboration presents both a positive sustainability impact, as well as a return above our investment threshold and will have a positive impact on the asset valuation

Solar Panels

- 376 solar panels installed on the roof of Full Service Center De Koperwiek, in Capelle aan den IJssel
- Ambitions for similar installations in other locations
- The generated solar energy is fully used by Jumbo

Data-driven collaboration

- Jumbo and Wereldhave collaborate in Jumbo's energy portal, called Enermissie
- Building characteristics, installations and energy consumption are monitored
- Through Enermissie, both parties have insights regarding Paris Proof ambitions, solar power generation and EML-obligations

Upside

Upside to extract from the acquisition:

- Reversionary potential
- Additional income (specialty leasing, extensions/land, ESG income)

Luxembourg is a high-income country with regulated supply of retail space

- Luxembourg has the highest purchasing power per capita in Europe
 - Index of GDP per Capita¹; EU = 100

- Luxembourg has strongly regulated supply of shopping center space
 - Luxembourg legislation (Reglement Grand-Ducal du 10 mai 2012) entails that shopping center developments exceeding 4,000 m² need not only local zoning approval but also National approval from the State of Luxembourg
- Luxembourg has high average housing prices
 - Price level for housing¹, EU = 100

Luxembourg expansion fits strategy to grow in core markets

Part of LifeCentral strategy to become market leader in FSCs in Belgium, Netherlands and Luxembourg...

First transformation strategy in European Retail Real Estate

Actively transform our assets to Full Service Centers

- First European retail real estate company to transform
- Right-size the assets to new reality
- Restore the retail balance
- Add new functions & uses
- Transform on average 25% of traditional retail space

Strengthen the balance sheet

- Phase out France¹
- Dispose selective assets with below threshold IRRs and / or that cannot be transformed into a Full Service Center (FSC)

Build on strong team and presence in Benelux

- Become market leader in FSCs in Benelux
- Broaden customer experience and digital capabilities

1. Phase out France is a project, no decision to divest has yet been made, the French staff representative body will be duly informed and consulted beforehand in compliance with French legal requirements

... and Luxembourg is highly comparable to our core market Belgium

- Both Knauf Shoppings are located close to Belgium
- Over 50% of the footfall in both shopping centers comes from Belgium
- The real estate market and legislation in Luxembourg are very comparable to Belgium, e.g., obligation to share turnover data included in most rental contracts
- There is high overlap between key tenants in our current portfolio and the two Luxembourg shopping centers
